

IM_Solution Day 2021

” PROBLEMS CAN BE COMPLICATED
SOLUTIONS CANNOT

IMPLEMENT
CONSULTING GROUP

01. Feb 2021

Would you like to participate in a half-day case competition with focus on solving a real-life supply chain case with other top-tier students? And are you interested in meeting one of the largest Scandinavian consultancies with its unique approach on consultancy? Then join **Implement Consulting Group Munich** for its virtual **Solution Day 2021**.

what

We want to meet you!

Together with other students, you will solve a **real client case** and receive valid insights into the Scandinavian approach on consulting from experts. You will **learn essential tools** and problem-solving skills within a specific area of supply chain management.

Consultants from our **Planning & Execution** and **Operations Strategy** practices will be on hand to offer guidance and feedback on your ideas – and you will present your solution to the panel of assembled subject matter experts.

09:00	Welcome and introduction
09:15	Presentation of the supply chain case topic and practicalities for problem-solving
10:00	Case work
12:00	Lunch
12:30	Case work
13:00	Presentations
14:00	Wrap-up and networking in groups

why

- Explore a real-life operations business case and challenge yourself alongside others.
- Collaborate closely with other students who are passionate about operations.
- Gain unique insights and knowledge and receive first-hand feedback from experienced operations consultants.
- Network with Implement's junior and senior consultants
- Get the chance to join Implement's junior consultant recruitment process, primarily focused on our Munich office in the city center.

how

Register on:
<https://implementconsultinggroup.com/implement-solution-day-2021-munich/>

Send us your **updated CV** and **academic transcript** via the registration page. Each participant must submit an individual application.

who

Solution day is a concept aimed at university students giving the opportunity to apply their knowledge to a practical case. The focus will be on **supply chain management** and **operations management**

where

Location: **Virtual on Zoom***

**Link will be shared shortly before the event*
